A talk on the value of Responsibility has been conducted during Assembly on Monday, 24 July and the children are encouraged to practise the value of Responsibility at home too.

Please encourage your child to attempt the tasks listed under the various School Core Values on page 17 of the Student Handbook (VIA at Home). Kindly tick the box(es) next to the task(s) which your child has performed and sign at the bottom of the page. Our teachers will be checking the Student Handbook and encouraging the students to try out the various tasks at home.

There is no need to tick every box, just the ones which your child has carried out the corresponding tasks. This will give us an idea on the extent our children are able to put these values into practice at home. We hope our children will continue to practise these good values and habits in school and at home with our continued support and encouragement.

6. CCA Achievements of Our Modern Dance Group

Our Modern Dance group proudly represented the school in the 10th Asia Arts Festival which took place at the School of the Arts (SOTA) from 11 to 15 July. The team of dedicated dancers poured their hearts into perfecting their routines and invested much time and effort into putting up their best show. Their unwavering commitment paid off in the most remarkable way, as they dazzled the audience and impressed the esteemed panel of adjudicators, ultimately securing a well-deserved **Gold Award** in the fiercely competitive Hip Hop category!

The triumph at the festival not only brought immense joy and satisfaction to the dancers but also served as a testament to their talent and hard work. It was a moment of immense pride for the entire team, and they want to extend their heartfelt gratitude to all the school leaders, teachers, parents, and friends who stood by them and provided unwavering support throughout their journey.

Participating in the Asia Arts Festival was an invaluable experience for the dancers, offering them a platform to showcase their skills and artistry at the national level. It was an opportunity to watch and learn from other talented performers. The recognition received at the festival further validates their dedication and motivates them to continue pushing themselves to achieve greater heights.

The journey leading up to the Asia Arts Festival was undoubtedly challenging, but it was also filled with moments of growth, inspiration, and camaraderie. Our Modern Dance group has proven that passion, perseverance, and teamwork can yield remarkable results!

As they celebrate their remarkable achievement, they eagerly look forward to the next chapter of their dance journey, where they will undoubtedly continue to inspire and captivate audiences with their exceptional talent.

8. Appeal for Support: STEM Playground 2023 Challenge - “SEA-RIOUS” CHALLENGER

Thank you, parents and students, for taking part in the above STEM challenge organised by Singapore Science Centre, Curriculum Planning and Development Division (MOE) and The James Dyson Foundation over the June Holidays (ref: [T2W9’s Parents Notification](#), Item 5). We hope this activity has helped foster stronger bonds between you and your family members!

The Science Department is pleased to announce that we have more than 240 entries from the Fern Green Primary School community. Through the video submissions, we are very heartened to observe many students learning Science in a fun and engaging way! We hope this would help students develop a deeper appreciation for the sciences and technology.
